

2015 SUMMER ACTING CAMP

For ages 6 - 15!

Our camp program is an excellent opportunity for students with any level of acting experience. In a fun, high-energy environment, we'll help our campers build self-confidence while learning and making new friends.

Each session will have a project, which will inspire the week's activities. Campers will dissect a short play, learn lines, create characters and bring it all to life. They will be taught in a fun, engaging manner, the fundamentals of theatre.

We'll cover the same fundamental skills in each session, but will apply those skills to different, theme-related material and workshops, providing a complete educational experience, whether attending one session or two. All of our young actors will participate in a performance piece for families & friends on the final Friday of each camp session.
