- ADA Coordinator Jonathan Gale raised the question of whether the electrification of the doors will be completed in time for the Library's Grand Opening, and if they are not, then the Library should not technically be able to open, to which Ralph Vitacco said he would pass Jonathan Gale's concerns on to Jim Aguiar so that he can provide an update.

- ADA Coordinator Jonathan Gale reported that he has received a quote on software for visually impaired Library patrons and presented the different licensing options.
